

PRIME SMOKE OIL

FEATURES

Prime Smoke Oil is a premium quality, highly refined, mineral-based smoke oil.

- Light clear color
- Low toxicity
- Non-irritating to skin
- Non-staining
- Low temperature fluidity

APPLICATIONS

Prime Smoke Oil is a high quality smoke oil that is free of heavy metals and aromatic compounds. The product is odor free, produces a clean white smoke and has excellent operator acceptance due to its odor free composition. Prime Smoke Oil is a premium quality smoke oil and is recommended for use in U.S.N. Blue Angles and U.S.A.F. Thunderbirds airshows.
